【基础版】(144 字)

I'm glad to receive your letter. It is common for teenagers to have some difficulties in learning English. I would

like to share my English learning experience with you.

First of all, I couldn't remember so many new words. To solve this problem, I looked up new words in the dictionary and made word lists. Then I often reviewed them. In this way, my vocabulary has been enlarged effectively. Besides, I felt nervous when I spoke English in public because I had a poor pronunciation and I was afraid of making mistakes. With my teacher's help, I made friends with native English speakers and talked with them. Practice makes perfect. Now, my English had improved a lot.

In my opinion, if we believe in ourselves, we will be strong enough to overcome any difficulty we face and find the method that suits us well.
